# Houston's Nurseries

Mansfield, Connecticut

BYRON D. HOUSTON  
President and General Manager

**T**O OUR CUSTOMERS AND FRIENDS—To our new patrons, to all who may be interested in fruit growing or beautiful surroundings, we extend our greetings with this bulletin, for the Spring of 1927.

An illustrated catalog might be more pleasing to the eye, but more expensive, and in saving cost to ourselves, we save cost to you, by being able to sell our trees those few cents cheaper.

The majority of buyers know what they want and we are glad to advise those who are uncertain of the best varieties for home garden. We have tried to list only varieties which have been proven commercially. As new varieties are put on the market and their worth tried and tested, we shall add them from time to time. New varieties, until they become standardized oft prove expensive and unsatisfactory.

If you have no use for this circular, kindly pass it to a neighbor.

**GUARANTEE**—We guarantee all stock to be strictly first class and true to name and will upon proper proof refund the purchase price or replace any stock which proves otherwise. It is understood and agreed that we will not be held responsible for any greater sum than the cost of the stock, should any prove untrue. We strive to avoid mistakes and believe that we are as exact as any in the business.

It is impossible for us to guarantee trees and plants to live, as this altogether depends on weather conditions and how stock is planted and cared for after planting. The conditions which prevail after stock leaves our hands are such that it is just as impractical for a Nurseryman to guarantee a tree or plant to live as it would be for your best neighbor to sell you a Horse or other live stock and guarantee it to live. We can only guarantee to send you good stock up to grade represented, full of life and true to name.

Our terms are cash with order or C. O. D., shipped either by express or parcel post. PLEASE add to your remittance the few cents necessary to cover parcel post, which will insure safe and sure delivery.

Ordering early insures customer of receiving the things he wants. It enables us to plan on shipping before the spring rush season commences. Stock ordered early is reserved until proper time for shipment.

**FIVE PERCENT DISCOUNT** on all Cash Orders received during **FEBRUARY** and **MARCH**.

Our Nursery is located two miles north of the Connecticut Agricultural College on the main turnpike from Hartford to Providence. We wish to call your attention to the fact that we have a fine new macadam road leading to our storage from Storrs or from Mansfield Depot.

This Catalog is our only Salesman      We Employ no Agents

We eliminate the agent's profit and give to to you. Dealing direct the catalog way is a very simple common-sense way of buying nursery stock. First, you select just what you want—not what you are talked into buying. Then you order direct from the man who has grown the trees, dug them and packed them. You have the positive guarantee that you are getting just what you order; and finally when you pay for your trees, you do not pay any profits to the middleman, which means that you save fifty cents on every dollar.

The United States Government, Department of Agriculture, in Farmers' Bulletin 131, says:  
"If the farmer makes his purchase direct from the nurseryman, he will save the expense of the middleman or agent and is less liable to the mistakes and injuries that may occur through repeated handling."

VIEW OF BLOCK OF YOUNG APPLE TREES

# APPLE TREES

## APPLE TREES

			Each	Ten	Hun.
Extra size	2 yr.	6 ft. and up	\$.75	\$6.50	\$50.00
Largest Size	2 yr.	5 to 6 ft.	.65	5.50	45.00
Medium Size	2 yr.	4 to 5 ft.	.50	4.50	35.00
Smaller Size	2 yr.	3 to 4 ft.	.40	3.50	25.00

	Color	Season
Early Harvest	Yellow	Aug. to Sept.
Yellow Transparent	Yellow	Aug. to Sept.
Red Astrachan	Red	July to Aug.
Duchess of Oldenburg	Streaked	Aug. to Sept.
Golden Sweet	Yellow	Aug. to Sept.
McIntosh Red (10c extra)	Red	Oct. to Dec.
Cortland (10c extra)	Red	Oct. to Dec.
Fall Pippin	Yellow	Oct. to Nov.
Gravenstein	Streaked	Sept. to Oct.
Wealthy	Red	Oct. to Jan.
Fameuse	Red.	Oct. to Nov.
Northern Spy	Red	Nov. to Apr.
Grimes Golden	Yellow	Nov. to Apr.
Stayman's Winesap	Streaked	Dec. to Mar.
Opalescent	Red	Dec. to Mar.
Jonathan	Red	Nov. to Mar.
Winter Banana	Yellow and Red	Nov. to Jan.

Delicious	Red	Nov. to Apr.
Tolman Sweet	Yellow	Nov. to Apr.
Jacobs Sweet	Yellow and Red	Dec. to Jan.
Maiden Blush	Yellow and Red	Sept. to Oct.
Sweet Bough	Yellow	Aug. to Sept.

## CRAB APPLE TREES

Prices same as standard

Transparent	Yellow Striped	Oct.
Hyslop	Red	Oct.

General farm conditions look good. There is more labor available than there has been for many years. Fertilizers, spray materials and so forth are getting "back to normal." In a word, all conditions are going to favor the practical farmer who can see that a reasonable sized orchard is going to be a splendid investment for the future, and who is wide awake enough to say to himself:

**I AM GOING TO PLANT NOW!**

## THE NEW CORTLAND APPLE

Very similar to McIntosh. Ripening two weeks later, and keeping much better. Larger size, hangs to tree better, and bears annually starting at an early age. Don't miss planting Cortland.

Not one farm in fifty grows all the fruit that it could grow, profitably, for home use.

Owing to the great demand and scarcity of McIntosh and Cortland trees, we find it necessary to ask the extra 10c per tree, whether single or in lots.

## DWARF APPLE TREES

			Each	Ten
Largest Size	2 year	4 to 5 ft.	\$1.00	\$9.00
Medium Size	2 year	3 to 4 ft.	.90	8.00
Yellow Transparent		R. I. Greening		
Red Astrachan		Baldwin		
Duchess		Gravenstein		
Wealthy		McIntosh		

## DWARF PEAR TREES

3 to 5 feet	80 cents each	\$7.50 per 10	
Anjou	Green		Oct.
Bartlett	Yellow-red Blush		Sept.
Clapp's Favorite	Yellow-red Cheek	Early	Aug.
Seckel	Russett		Oct.

A home garden is never complete without Pears. Where space is limited, Dwarf Pears are proving satisfactory.

## QUINCE TREES

Largest Size	2 yr.	4 to 5 ft.	\$1.00 each	\$9.00 per 10
Medium Size	2 yr.	3 to 4 ft.	.80 each	7.00 per 10
Champion			Orange	

**LET US HAVE YOUR WANT LIST. WE ARE  
ABLE TO QUOTE ON MANY ITEMS NOT  
APPEARING IN THIS BULLETIN**

"ELBERTA"—KING OF MARKET PEACHES

### PEACH TREES

We have one of the best lots of Peach Trees we ever grew—tall, straight, clean, with the brownish yellow bark and bright red tips that indicate vigor and health. They were grown on a sandy loam that produces a remarkably fibrous root system.

	Each	Ten	Hundred
5 to 6 ft.	\$.50	\$4.00	\$24.50
4 to 5 ft.	.40	3.00	19.50
3 to 4 ft.	.30	2.00	14.50
2 to 3 ft.	.20	1.50	12.50
Greensboro	White-red cheek		July
Mountain Rose	White-red cheek		Late Aug.
Hieley	White-red cheek		Late Aug.
Carman	White-red cheek		Middle Aug.
Champion	White-red cheek		Late Aug.
Old Mixon	White-red cheek		Late Aug.
Belle of Georgia	White-red cheek		Early Sept.
Rochester	Yellow		Middle Aug.
Elberta	Yellow		Middle Sept.
Early Crawford	Yellow		Early Sept.
J. H. Hale	Yellow		Early Oct.
Early Elberta	Yellow		Late Aug.

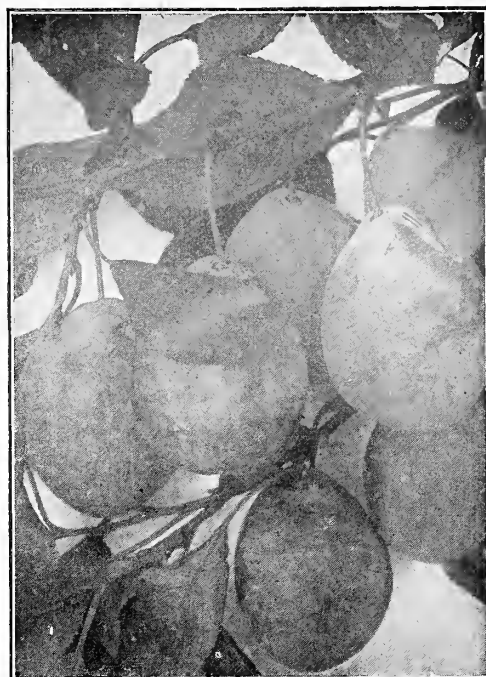

### PEAR TREES

	Each	Ten	Hundred
5 to 6 ft.	\$1.00	\$9.00	\$60.00
4 to 5 ft.	.80	7.00	50.00
3 to 4 ft.	.60	5.00	35.00
Anjou	Green		Oct.
Bartlett	Yellow-red blush		Sept.
Clapp's Favorite	Yellow-red cheek		Early Aug.
Keiffer	Golden Yellow		Nov.
Seckel	Russet		Oct.
Sheldon	Greenish Russet		Oct.
Bosc (25c extra per tree)	Russet		Oct.

We exercise great care in packing, all of which is done under cover in our modern storage of over 30,000 cu. ft. capacity.

Our INFORMATION DEPARTMENT is absolutely free and at your service. Owing to the scarcity of space, we could give only a little general information and have found that a personal letter answering individual problems is very helpful.

WE DO NOT SUBSTITUTE VARIETIES. If we do not have what you order, we write and tell you so. We always find that our customers appreciate this fact.

BURBANK PLUMS

### PLUM TREES

	Each	Ten	Hundred
5 to 6 ft.	\$1.00	\$9.00	\$60.00
4 to 5 ft.	.80	7.00	50.00
3 to 4 ft.	.60	5.00	35.00
Abundance	Amber		Aug.
Burbank	Cherry-red		Aug.
Bradshaw	Violet-red		Middle Aug.
Lombard	Violet-red		Middle Aug.
Shippers Pride	Red		Oct.
Green Gage	Green		Sept.
German Prune	Blue		Sept.
Damson	Blue		Sept.

### CHERRY TREES

	\$1.00 each	\$9.00 per ten
5 to 6 ft.	\$1.00 each	\$9.00 per ten
4 to 5 ft.	.90 each	8.00 per ten
Black Tartarian	Black	Late June
Black Oxheart	Black	Early June
Yellow Spanish	Yellow and Red	Middle June
Napoleon	Yellow and Red	Middle June
Windsor	Reddish Brown	July
Governor Wood	Yellow and Red	Late June
Early Richmond	Light Red	May
Montmorency	Bright Red	Red

#### To Whom It May Concern:

This is to certify that I live not far from the Houston Nurseries and have known Byron D. Houston for many years. I believe they are trying to give their customers good reliable stock at as reasonable prices as possible with the times.

Most sincerely,  
A. T. STEVENS,  
Professor of Vegetable Gardening,  
Connecticut Agricultural College.

Anything that has to be cultivated in the earth can no more live without nourishment and care than a human being!

## STRAWBERRIES

Howard '17. (Perfect.) Without any exception this is the greatest berry we have ever fruited. A strong grower and a heavy producer, it gives maximum yields of fine-quality fruit. The berries are conical, bright red all over, entirely free from white tips so common on many varieties. It begins to ripen very early and continues well into mid-season. Reports from some growers as to yield seem unbelievable, but the fact remains that we can unqualifiedly recommend it as positively the best in strawberries either for home use or market. Because these facts have been proven true, we have, for the present, discarded other varieties that we might be better able to supply the enormous demand for the Howard.

Howard No. 17	\$1.00 per 100	\$9.00 per Thousand
---------------	----------------	---------------------

## ASPARAGUS

		Hundred	Thousand
Two-year crowns			
Conover's Colossal	50c per 25	\$1.50	\$12.00
Palmetto	50c per 25	1.50	12.00
Washington	75c per 25	2.00	15.00

## STATES INTO WHICH CURRANTS AND GOOSE-BERRIES CAN BE SHIPPED FROM CONNECTICUT

Michigan	New Jersey
Ohio	Pennsylvania
New York	Wisconsin
Indiana	

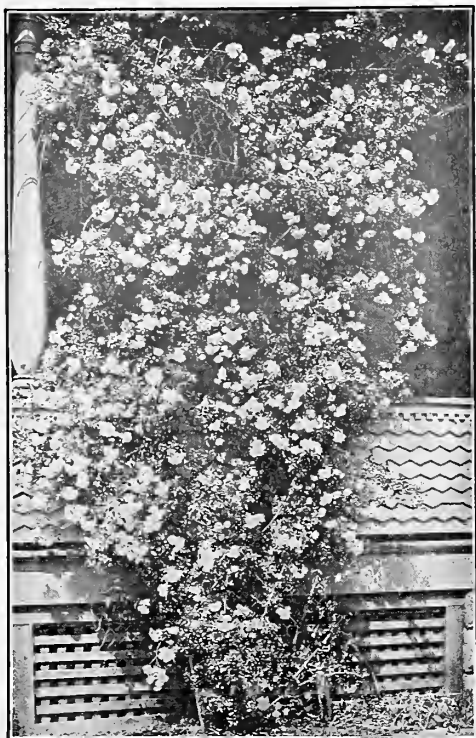

## DISTANCE FOR PLANTING

Apples	30 to 40 feet
Standard Pears and Cherries	20 feet
Plums, Apricots and Peaches	16 to 18 feet
Dwarf Pears and Quinces	10 to 12 feet
Grapes	8 to 10 feet
Currants and Gooseberries	4 feet
Raspberries and Blackberries	4 to 5 feet
Strawberries for Field Culture	1 to 3½ feet
Strawberries for Hill Culture	2 feet each way

The early varieties of apple as a rule do not make very large trees and should be planted closer than such varieties as Baldwin, Greening, etc.

# ROSES

CRIMSON RAMBLER ROSES

There is perhaps no plant or flower so generally cultivated today as the Rose. Its wondrous beauty and fragrance makes it the most popular of flowers. For extensive grounds, small lawns, porch, trellis or hedges, Roses are used with charming effects. Many persons think it difficult to grow Roses, but such is not the case; good soil and a little care will insure fine hardy plants and beautiful blossoms. To be certain of varieties, please name substitutes to avoid delay in shipment, for we will not substitute without your permission.

We have the following exceptional varieties of thrifty well rooted Roses to offer this season. All are Eastern field-grown plants.

These are not greenhouse plants from which blooms have been cut for sale, but thrifty field-grown plants, which will bloom this year. Never before have we offered such a variety nor at such a price.

## PLANTING AND CARE OF ROSES

Roses prefer a sunny, open location. They should be planted in good rich soil thoroughly broken up and raked fine to the depth of eighteen inches. Well rotted animal manure, thoroughly pulverized, should be mixed with the soil in considerable quantity, even up to one-third the total bulk of soil in the beds.

In planting set bud 4 inches below the ground level so that suckers cannot sprout from the natural root. Do not trim the root off too severely, but cut the tops off about 8 inches above the top of the ground. Pack good rich soil thoroughly around the roots being careful not to let any compost come in contact with the roots. Keep the top of the earth thoroughly worked around the bushes the entire season.

## DIFFERENCE IN CLASS OF ROSES

Although not generally understood, it is well known by Rose Specialists that Roses come under two classes, Hybrid Perpetual and Hybrid Tea. The Hybrid Tea or ever-bloomer, blooms the entire summer. The Hybrid Perpetual while it blooms profusely during its season, is not a continual bloomer.

## HYBRID PERPETUAL ROSES

65 cents each	\$6.00 per 10
Magna Charta	Pink
Ulrich Brunner	Crimson
Ann de Diesbach	Carmine
Paul Neyron	Rose Pink
Mrs. John Laing	Soft Pink

Seven Sisters, Pink	Crimson Rambler
Tausendschon	Yellow Rambler
Dr. Van Fleet, Pink	Dorothy Perkins, Pink
Gardenia, Bright Yellow	Dorothy Perkins, White
Queen of the Prairie	Dorothy Perkins(Excelsa)Red
Silver Moon	

## HARDY CLIMBING VINES

Ornaments of this class are so hardy and so beautiful that they deserve greater attention than they receive. No artist can produce pictures equal to the wealth of beauty displayed by the elegant Wisteria, the graceful Honeysuckle, or the charming and magnificent Clematis when in the full glory of bloom.

	2 yr. strong stock	\$	cts
Matrimony Vine	2 " " "	1.00	
Purple Wisteria—Grafted	2 " " "	.65	
White Wisteria	2 " " "	.65	
Boston Ivy	2 " " "	.65	
Trumpet Vine	2 " " "	.65	
Clematis—Paniculata	White Common	.65

Clematis—Henryii	White	1.00	
Clematis Madame Eduard Andre—Red		1.00	
Dutchman's Pipe	2 yr. strong stock	1.00	
Japan Honeysuckle	2 " " "	.65	

Find a farm where plenty of good fruit is grown and you find a prosperous farm family.

TRY IT AND SEE!

## "It's Not a Home 'Till It's Planted"

### UP-TO-DATE DAHLIAS

Why not try some this year in your garden? Any good garden soil will grow Dahlias. Plant them about 6 inches deep, in a sunny location, 3 to 4 ft. apart; water well during dry weather, and enjoy a wealth of bloom from August until frost.

These bulbs are from the well known gardens of Mr. George W. Fraser, a neighbor of ours, who is an authority on landscape gardening and a judge at all Flower Shows of Eastern United States. He grows all the leading varieties of Dahlias and ships all over the world, even to Australia. You will be pleased to learn that we have made arrangements with him to fill your orders from his stock.

The following are the best of the modern varieties at reasonable prices:

ABONITA (Dec.) Glowing violet pink, shading to yellow at center .....	\$1.00
JUDGE PARKER (Dec.) Golden Buff; a monster flower .....	1.00
MABEL THATCHER (Dec) Pure yellow large flower .....	1.00
MRS. CARL SALBACH (Dec) Lavender, a beauty on long stems .....	.75
MRS. I. DE VER WARNER, (Dec) Orchid pink, one of the best Dahlias in cultivation.....	1.00
PATRICK O'MARA (Dec) Golden Yellow, Gold Medal variety .....	1.00
PIEROTT (C) Large flowers of deep amber tipped white .....	.75
PRIDE OF CALIFORNIA (Dec) Best of the Reds .....	.50
QUEEN MAB (Dec) A graceful narrow petaled variety, pink shading to white .....	1.00
SHELKOFF (Dec) Deep Garnet, large flowers....	.75
SNOWDRIFT(Dec)Largest pure white in cultivation .....	.75
WASHINGTON CITY (H.C.) Pure White, flowers large and star like .....	.50

CATALOG PRICE .....\$10.00

Mr. Byron D. Houston,

Houston's Nurseries, Mansfield, Conn.

Dear Mr. Houston:

Inclosed find check covering my bill. Everything you sent was O. K.

I am taking this opportunity to thank you for the prompt service, and to congratulate you on the quality of your stock. The Barberry and Peach trees were especially fine.

Send me your new list as soon as published, as I want to place my order for Spring stock before the rush begins.

Wishing you a very successful season, I am,

Very truly yours,

GEO. W. FRASER,

Landscape Gardener.

**Thunberg's Barberry**—A shrub of marked excellence on account of its bright green foliage which changes to brilliant colors in the fall, and its bright scarlet berries, which are very conspicuous throughout the winter. Their habit is dwarf and regular spreading. Grows well in the shade and extensively used in landscape work. Is very hardy has never been known to winter-kill. It bears the shears well and makes a dense hedge.

		Per 100
Thunberg's Barberry	6-8 in. 1 yr.	\$ 5.00
Thunberg's Barberry	8-10 in. 2 yr.	10.00
Thunberg's Barberry	10-12 in. 2 yr.	15.00
Thunberg's Barberry	12-18 in. 2 yr.	20.00
Thunberg's Barberry	18-24 in. 2 yr. ex.heavy	25.00

Note Low Prices on Barberry and Privet  
We Have Over 100,000 Fine Plants

		Per 100
California Privet	10-15 in.	\$4.00

Ridgefield, Conn., November 15, 1926.

Dear Sir:

I received the apple trees, and I am very well satisfied. People come here every week to see my trees and grapes and like them very much. I think they will want to buy. Please send me some catalogs so I can give them away.

Yours very truly,

JAMES TULIPS.

Charlemont, Mass., June 20, 1926.

Mr. Houston:

The 300 Baldwin Apple Trees arrived O. K. Without doubt the finest trees we ever received. Accept our thanks for your prompt delivery.

Yours truly,

MRS. M. R. CARTER.

Letter received this fall from Mrs. Carter saying: "The apple trees are wonderful; only three died out of the 300." Losing only three trees out of 300 is a splendid record. A great deal of credit must be given to those planting the trees.

Southington, Conn.

Dear Sir:

We are pleased at the growth which has developed from the trees purchased from you and can truthfully recommend your stock to prospective purchasers as being strong and healthy and to our experience true to name.

Yours very truly,

LAKE VIEW FARM.

Testimonial from Senator Elijah Rogers, Ex-President of Connecticut Pomological Society.

4-5 ft.      \$3.00

Weeping Mulberry      4-5 ft. stems      2 yr. heads  
Each \$5.00

## ORNAMENTAL SHRUBS

The planting of ornamental shrubs is very largely on the increase, and this is as it should be, for with a good selection the lawn can always be beautiful. They are mostly of medium size, enabling one to plant a great variety on a small plot, and the wonderful assortment of foliage from the darkest green and purple to light orange and silver tints. This addition to the great variety in the blossoms, all unite to keep up a never failing interest. We have selected the very best for our climate.
